

INGLEWOOD TOWN HALL COMMUNITY ARTS & HERITAGE FUND 2012

As part of the development of the Community Hub at the Town Hall, the building will undergo a major refit. Our grand old hall will be 130 years in 2013 and has a rich history. Indeed, it may evoke your memories of significant past events and major family occasions.

The opportunity now exists for public donations, allowing you to contribute towards the project and assist the recognition of this community achievement.

Recognition could be in a number of forms and your ideas are welcomed:

- artwork for public areas in the hall or stained glass window (eg. *Borough seal*),
- a commissioned sculpture for the lawn area,
- inscribed "supporter" tiles or pavers in the new building area,
- equipment for the facility, either external or internal. eg. seats, bbq, etc.,
- recognition of valued community members, or current era history,
- furnishings, a commemorative plaque, contribution to clock restoration, etc.,
- and, no doubt many more of your ideas.

Donations can be made through the Inglewood & District Community Bank (account details below)

The funds will be held in trust under the control of three community members "the Fund Committee", drawn from the Bank, the Town Hall Committee and the Inglewood Development and Tourism Committee. Contributions to the fund can be anonymous or made public when the final register may be displayed.

The Fund Committee will:

- report at a regular intervals to the community the amount of the fund,
- collate suggestions on the preferred usage,
- recommend to the Town Hall /Hub Committee of Management how the funds should be dispersed and the specific item(s) nominated,
- scope suitable items/projects or works identified,
- maintain a donation register,
- close the fund and transfer any remaining funds to the Town Hall Committee of Management.
- transfer the donation register to Inglewood Historical Society, after project completion.

The working group and the entire community thank you for your contribution and assistance.
